

Rita Cornish

Billing/Finance Specialist

Rita joined Kelly IP in 2016. She has 19 years experience as a financial analyst in the mortgage industry. Rita began her career at Freddie Mac performing statistical loan analysis and providing database systems support, and then at Fannie Mae as Senior Financial Analyst leading projects to develop and improve an efficient set of reconciled property loan data used for the patented Automated Valuation Model and Desktop Underwriter. While at Fannie Mae, Rita was the recipient of several corporate awards for her database analysis and enhancement project work.

Rita is a native Washingtonian, living in Maryland with her husband and two kids. Rita earned her BA in Finance from Radford University.
